SECTION 2 · DEPARTMENT CHECKLISTS & COMPLIANCE MATRIX

29 CHECKPOINTS	5 HIGH	7 MEI
17 PASSED		

1. Security				
REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
SEC-01	Key Control: Sign-in/out log active and strictly enforced for dry store, liquor cage, and master keys. Sign out not maintained	No deviation observed.	PASSED	Maintain current standard.
SEC-02	Vendor/Visitor Control: All BOH visitors and contractors logged in and accompanied. Some of them missing	Discounts and comps above policy threshold erode net margin if left unchecked across outlets.	MEDIUM	Review the flagged bills with the manager on duty, confirm approvals were obtained, and recalibrate the POS discount alert threshold.
SEC-03	Staff Entry Exit Register Staff entry and exit maintained properly	No deviation observed.	PASSED	Maintain current standard.
SEC-04	Material Inward Outward Register & Gate pass Book —	No deviation observed.	PASSED	Maintain current standard.
SEC-05	Material Inward outward physical check by security guard —	No deviation observed.	PASSED	Maintain current standard.
SEC-06	Other Observations —	No deviation observed.	PASSED	Maintain current standard.

2. Kitchen				
REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
KIT-01	Temp Control: Cold storage <= 4°C / Freezers <= -18°C. Twice-daily temp logs updated. Cold storage temperate was 6°C and Freezers	Accelerated food spoilage, pathogen multiplication, and risk of serving compromised ingredients to patrons.	HIGH	Calibrate the unit to safe operating limits (below 4°C), mount a visible physical thermometer, and initiate mandatory twice-daily temperature monitoring logs.
KIT-02	Labeling & FIFO: All prepped items dated/labeled; First-In, First-Out strictly followed. Not followed	Expired or unlabelled stock enters production, creating consumer safety exposure and untracked wastage.	HIGH	Discard flagged stock on sight, reinstate date-labelling at receiving, and run a daily FIFO sweep signed off by the store keeper.
KIT-03	Cross-Contamination: Raw meat stored below RTE food; color-coded cutting boards used. —	No deviation observed.	PASSED	Maintain curren standard.
KIT-04	Waste Tracking: Daily waste/spoilage log sheet signed off by Chef. Not tracked ddaily	Non-compliance with municipal waste norms and elevated pest-attraction risk at the service perimeter.	MEDIUM	Install labelled segregated bins at the service exit and retrain stewarding staf on the segregation policy.
KIT-05	Standerd Hygin Process Followed by dep There was serious contamination	High risk of foodborne illness, pathogen cross-contamination, and regulatory closure.	HIGH	Segregate the inventory immediately — separate raw meats from ready-to-eat and dairy products using dedicated units

REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
				or clearly partitioned zones with stric raw vs. cooked storage rules.
KIT-06	Other Observations —	No deviation observed.	PASSED	Maintain curren standard.

3. Purchase & Store - Dry / Liquor / Beverages				
REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
PSD-01	Daily breakage, spillage, and shot logs maintained. —	No deviation observed.	PASSED	Maintain current standard.
PSD-02	Stock Variance: Spot check of top 10 high-value items shows physical stock matches ledger. —	No deviation observed.	PASSED	Maintain current standard.
PSD-03	Receiving Check: Goods inspected for dates, seal integrity, and packaging damage. —	No deviation observed.	PASSED	Maintain current standard.
PSD-04	First-In, First-Out strictly followed. Not followed	Deviation from the documented SOP, reducing operational consistency across shifts.	MEDIUM	Brief the shift team on the SOP clause, correct the deviation, and verify at the next audit cycle.
PSD-05	GRN Updtaion (Goods Recived Notes) —	No deviation observed.	PASSED	Maintain current standard.
PSD-06	Material Issue —	No deviation observed.	PASSED	Maintain current standard.
PSD-07	Invoice vs. PO Reconciliation: Unit purchase invoice rates strictly match contract PO pricing. Not followed	Financial leakage, loss of variance tracking, and supplier unaccountability.	MEDIUM	Procure and calibrate a commercial weighing scale, and enforce a mandatory item verification and weight-check log for all incoming raw material before vendor

REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
				deliveries are accepted.
PSD - 08	Approved Vendor List: Purchases made exclusively from approved, licensed vendors. Not followed	Financial leakage, loss of variance tracking, and supplier unaccountability.	MEDIUM	Procure and calibrate a commercial weighing scale, and enforce a mandatory item verification and weight-check log for all incoming raw material before vendor deliveries are accepted.
PSD - 09	Receiving Discrepancies: Active Credit Note process for rejected or damaged deliveries. Not followed	Unauthorised bill edits create revenue leakage risk and weaken audit trail integrity.	HIGH	Enforce mandatory manager sign-off on every bill edit before closure and retrain billing staff on the exception workflow.

4. Operations				
REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
OPE-01	FOH Hygiene & Setup: Clean, sanitized, and undamaged tables, cutlery, glassware, and menus. —	No deviation observed.	PASSED	Maintain cu standard.
OPE-02	Speed of Service: KOT-to-table delivery time meets brand standards. —	No deviation observed.	PASSED	Maintain cu standard.
OPE-03	Grooming Standards: Staff in clean uniform, proper footwear, hair restraints. —	No deviation observed.	PASSED	Maintain cu standard.
OPE-04	Restroom Sanitation: Checked hourly, fully stocked, clean. Not followed	Bacterial breeding grounds, physical contamination of processed food, and standard operating failure.	HIGH	Implement a daily deep-clean checklist, disassemble and clean small appliances every operating shift, and re-soiled cloth with sanitiser microfibre c disposables
OPE-05	Other Observations —	No deviation observed.	PASSED	Maintain cu standard.

5. POS Controls				
REF ID	CHECKPOINT & OBSERVATION	OPERATIONAL IMPACT	RISK SEVERITY	IMMEDIATE CORRECTIVE ACTION
PC-01	Voids & Discounts: Every void/discount/refund has manager approval & reason code. —	No deviation observed.	PASSED	Maintain current standard.
PC-02	Cash Settlement: Daily physical cash float matches POS Z-Report exactly. Not followed	Deviation from the documented SOP, reducing operational consistency across shifts.	MEDIUM	Brief the shift team on the SOP clause, correct the deviation, and verify at the next audit cycle.
PC-03	Non Chargable Not followed	Deviation from the documented SOP, reducing operational consistency across shifts.	MEDIUM	Brief the shift team on the SOP clause, correct the deviation, and verify at the next audit cycle.
